WHAT IS

The Capital Region Minority Supplier Development Council (CRMSDC)?

We are a not-for-profit 501(c)(3) economic development organization supporting growth in Maryland, the District of Columbia, and Northern Virginia through programs and services that help our corporations enhance the diversity and innovation of their supply chains. Established in 1972, and headquartered in Maryland, we connect our corporate members to competitively viable, minority-owned business enterprises (MBE's).

We are one of 23 regional affiliates of the National Minority Supplier Development Council (NMSDC)—the only nationally recognized MBE certifying authority, with additional affiliates in Australia, Canada, China, South Africa and the United Kingdom.

Nationally, the organizational membership includes 1,700 corporations that represent some of America's largest public and privately-owned global companies; and almost 17,000 certified MBEs.

17,000

Our national network offers Corporate Members access to more than 17,000 certified minority business suppliers across all industries.

OVERVIEW

Research has found that companies which have a robust minority-supplier diversity program reap the following benefits:

- Increased opportunities to buy locally, regionally or nationally to ensure a good source of supply;
- Better quality and lower-cost products, services, and solutions resulting from competition for the company's business;
- Competitive edge when seeking procurement opportunities that require firms to make every effort to use minority suppliers;
- More personalized service from companies because they are typically smaller and more eager for your business;

- Enhanced product or service loyalty among minority consumers;
- Greater flexibility of smaller businesses, which allows them to adjust more quickly to your business needs.

Our corporate members shape the global supply diversity landscape while supporting the initiative to enhance supply base relationships, thus creating a more agile supply chain.

We strongly believe that business is about relationships. Therefore, we offer many occasions for our Corporate Members to interact with our MBE Suppliers through innovative programs that strengthen our MBE Suppliers' abilities to add value to our Corporate Member's businesses.

CORPORATE MEMBERS BENEFITS

CRMSDC is a resource which helps Corporate Members develop, market, and advance their minority development program.
